Dear Davis,

Thank you for your package of information pamphlets. Will begin going over their contents in the near future.

Am enclosing this catalog just to give you a fast look into what became of our company after we gave up the manufacture of pocket writing instruments around 1953. We concentrated on producing other items in our line until 1970, at which time I sold "New Diamond" and retired.

Am writing intentionally on this almost antique statuary, which was also retired twenty three years ago

Yours truly
Marc Kolber
